JCPL Honored to Participate in the Harwood Public Innovators Lab

Jasper County Public Library has been chosen along with fourteen other Indiana libraries to participate in the Harwood Public Innovators Lab sponsored by Midwest Collaborative for Library Services (MCLS). We received word of our selection at the end of December 2018, and we are honored to have been chosen.

The Lab will be held at Indiana Wesleyan University, Indianapolis North campus, March 5-7, 2019. Through a grant, MCLS will fully fund our tuition, as well as lodging and some meals. The Harwood Public Innovators Lab is a 2.5-day experience to help us learn what it means to Turn Outward — to use our community, our conference room, as our reference point for choices and action. Participation in the lab will also include follow-up coaching calls to further support us post-training.

Turning outward is not new to us. We turned outward in 2014 as we wrote our Long Range Plan 2015-2019. Our turning outward led to some phenomenal new services and partnerships; however we feel that there is more work to do in this area to take it to the next level and this lab could really help us get there. It is perfect timing too, as this year we will be writing our new Long Range Plan 2020-2024.

Librarians Patty Stringfellow, Linda Poortenga, Evie Parish, and Debbie Kristoff will participate in this training along with our Library Board President Janet Umlauf. It is another way we will inform, enrich, and empower our diverse community.
